

# Nutria

## Benefits from 18 different fruits and vegetables

### You should take Nutria if:

- You don't eat 5 to 7 servings of fruits and vegetables daily
- You eat an unbalanced diet
- You skip meals
- You often eat at fast food restaurants
- You have stress in your life
- You live in an air polluted environment

# Nutria the ultimate breakthrough antioxidant supplement with key vitamins, minerals, and phytonutrients to boost your antioxidant intake and support your immune system.

Phytonutrients are a powerful family of antioxidants that neutralize free-radicals to protect – and even help repair – damage to your body caused by man-made pollutants and aging.

## The antioxidants in Nutria help to:

- Support your immune system
- Maintain your heart health
- Slow down the effects of aging
- Protect you from diseases linked to low intake of antioxidants

## Nutria's 4P System

How it works:

### **Protection:** *From body pollution*

Your body is constantly battling the effects of air pollution, food additives, and chemicals. **Nutria provides the protection** your body needs in its constant battle with man-made impurities.

### **Purity:** *Nutria is balanced the way Mother Nature intended*

Think of Nutria like **a balanced diet** that's better than a vitamin because it includes the antioxidants your body needs... and in the best-possible proportions. Nutria is also certified pesticide free!

### **Power:** *Through its high Oxygen Radical Absorbance Capacity (ORAC)*

Oxygen Radical Absorbance Capacity (ORAC) measures the antioxidant capacity of a food or nutrient. The higher the ORAC, the more antioxidants from which to benefit. Nutria's high ORAC level means you are taking **a powerful fruit and vegetable supplement enriched with Selenium** that is similar to getting the antioxidants from six servings of fruits and vegetables!

### **Partnership:** *Nutria is formulated to complement the benefits of Intra's 23 botanical ingredients.*

When both Nutria and Intra are taken together, they **offer maximum health and wellness benefits.**

**The 4P System means Nutria provides all the antioxidants you need to stay healthy in today's polluted world.**
