

Nutria

Benefits from 18 different fruits and vegetables

You should take Nutria if:

- You don't eat 5 to 7 servings of fruits and vegetables daily
- You eat an unbalanced diet
- You skip meals
- You often eat at fast food restaurants
- You have stress in your life
- You live in a polluted environment

Nutria the breakthrough antioxidant supplement with key vitamins, minerals, and phytonutrients to boost your antioxidant intake and support your immune system.*

Phytonutrients are a powerful family of antioxidants that neutralize free-radicals to protect – and even help repair – damage to your body caused by man-made pollutants and aging.

The antioxidants in Nutria help to:

- Support your immune system*
- Maintain your heart health*
- Slow down the effects of aging*
- Protect you from diseases linked to low intake of antioxidants*

* These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Nutria's 4P System

How it works:

Protection: From body pollution

Your body is constantly battling the effects of air pollution, food additives, and chemicals. **Nutria provides the protection** your body needs in its constant battle with man-made impurities.*

Purity: Nutria is balanced the way Mother Nature intended

Think of Nutria like **a balanced diet** that's better than a vitamin because it includes the antioxidants your body needs... and in the best-possible proportions. Nutria is also certified pesticide free!

Power: Through its high Oxygen Radical Absorbance Capacity (ORAC)

Oxygen Radical Absorbance Capacity (ORAC) measures the antioxidant capacity of a food or nutrient. The higher the ORAC, the more antioxidants from which to benefit. Nutria's high ORAC level means you are taking **a powerful fruit and vegetable supplement enriched with Selenium** that is similar to getting the antioxidants from six servings of fruits and vegetables!

Partnership: Nutria is formulated to complement the benefits of Intra's 23 botanical ingredients.

When both Nutria and Intra are taken together, they **offer maximum health and wellness benefits.**

The 4P System means Nutria provides all the antioxidants you need to stay healthy in today's polluted world.
